## WORKING EXPERIENCE

### PROJECT COORDINATOR

RMG Contract Interior | Aug 2023 – Feb 2024

- Coordinated security-sensitive interior projects, ensuring secure data handling and controlled site access for high-profile clients.
- Oversaw digital documentation workflows with emphasis on privacy, integrity, and regulatory compliance.
- Managed onboarding/offboarding procedures for contractors in environments requiring security clearances.
- Maintained compliance-ready records aligned with physical security standards and building regulations.
- Acted as liaison between clients, vendors, and executive teams to align infrastructure design with security and operational needs.

### ARCHITECT TECHNOLOGIST

Delcor Engineering | Jan 2023 – Jun 2023

- Supported secure design workflows, including confidential blueprint and CAD file handling.
- Assisted with basic security audits and maintained version control for sensitive documents.
- Collaborated with engineering and IT to ensure compliance and risk mitigation.

### CLAIMS SPECIALIST

ContactPoint 360 | Jan 2020 – Jan 2023

- Maintained strict control of client data; enforced data protection protocols.
- Trained in the escalation and resolution of sensitive cases, ensuring regulatory compliance.
- Documented incidents and contributed to continuous improvement in information handling.

## SUMMARY

Security+ certified, entry-level cybersecurity professional seeking first dedicated cybersecurity role. Experienced in managing sensitive data and high-compliance IT projects in regulated environments. Strong foundational knowledge in threat intelligence, risk assessment, incident response, and dark web investigations. Recognized for attention to detail, cross-team collaboration, and operational execution. Ready to leverage IT administration and project management skills to support organizational security objectives.
